Executive Summary

In developing the Capital Plan, the Board of Trustees is guided by Board Policy No. 1 – *Board Mandate, Mission, Values and Goals* which states, “the Board is dedicated to serving the educational needs and aspirations of the Catholic parents and children in the communities of Coaldale, Lethbridge, Picture Butte, Pincher Creek, Taber, Bow Island and surrounding areas...”

Under Board Policy No. 2 – *Role of the Board*, as part of stewardship and under fiscal responsibility, the Board is required to “approve the Three-year Capital Plan and Infrastructure Maintenance and Renewal Plan (IMR) Plan.”

Administrative Procedure 126 – *Long Range Facility Planning*, outlines a process to “maximize utilization of all school facilities and enhance programming opportunities for students.” This ensures the development of a capital plan that meets the educational needs of our school communities.

At the regular meeting of February 25, 2015, the Board of Trustees approved its 10-Year Capital Plan for 2015-2025. Except for some minor adjustments, which will be detailed in this report, the Board remains committed to its capital plan for 2015-2025.

In January 2023, Senior Administration provided the Board of Trustees with enrolment and utilization projections to 2032. The enrolment projections confirm the need for an additional school in West Lethbridge. On March 1, 2023 the Minister of Education, The Honorable Adriana LaGrange, announced the construction approval for a new West Lethbridge elementary school. Planning is now underway.

With the announcement of the construction of a new elementary school, priorities will now be set that address enrolment pressure elsewhere in the school division, as well as the need for modernization or replacement of facilities that no longer meet the needs of our **schools’** communities.

At the March 27, 2024 Regular Meeting of the Board of Trustees, the Board set the following priorities for its Three-Year Capital Plan:

- Modernization/Replacement of St. Francis Junior High School (value scoping, 2025, construction, 2026)
- Modernization of St. Michael’s School, Bow Island (value scoping, 2028)
- Modernization of Our Lady of the Assumption School (value scoping, 2028)

Articulating our Purpose

The Capital Plan will be aligned with the Mission, Vision, and Values of the School Division.

HOLY SPIRIT CATHOLIC SCHOOL DIVISION MISSION STATEMENT

The mission or purpose represents the fundamental reason for the organization's existence.

"What are we here to do together?"

It includes all of the elements of our purpose so we can ensure that our vision and goals clearly reflect our mission.

We are a Catholic Faith Community
dedicated to providing each student entrusted to our care
with an education rooted in the
Good News of Jesus Christ.

Guided by the Holy Spirit,
in partnership with home, parish and society,
our schools foster the growth of responsible citizens
who will live, celebrate and proclaim their faith.

Our Catholic faith is the foundation of all that we do.

THE VISION OF HOLY SPIRIT CATHOLIC SCHOOL DIVISION

A vision is a picture of the future you seek to create, described in the present tense, as it were happening now.

It shows where we want to go, and what we will be like when we get there.

A vision gives shape and direction to the organization's future and it helps people set goals to take the organization closer to it.

Holy Spirit Catholic Schools...
Christ-centered learning communities
where students are cherished and achieve their potential.

VALUES AND CORE COMMITMENTS

Values are the beliefs that reflect our mission and guide our actions on our progress to our vision.

Core commitments are not goals; they are the actions we are committed to performing in every aspect of our organizational life.

WE VALUE	OUR CORE COMMITMENTS TO THE VALUE
ALL GOD'S CHILDREN	<ul style="list-style-type: none">• We nurture the inherent spiritual, moral, intellectual, social, creative, physical, and emotional giftedness of everyone in our schools.• We honour diversity.• Our schools provide a welcoming, safe and accepting sanctuary.

Partnering with our Community

Aligned with the belief that parents are the foremost educators of their children, the Holy Spirit Catholic School Division has fostered strong professional relationships with a wide array of support services, leveraging expertise from both internal and external partners. This collaborative approach, together with our commitment to creating an inclusive educational setting, ensures that children and students receive the most comprehensive education possible, enabling them to achieve their full potential. The Capital Plan is deeply informed by this philosophy, incorporating community partnerships aimed at addressing the diverse needs of our students and their families.

Creating Infrastructure Sustainability

The objective of long-range facility planning is to create an infrastructure that will sustain the Holy Spirit Catholic School Division's school communities for many years to come. Numerous factors influence the creation of a long-range facility plan. These include:

- Health and safety of students and staff
- Building conditions
- Utilization rates, both current and anticipated – influenced by population growth or decline
- Student transportation needs
- Student demographics
- Education program delivery
- Community relationships
- Capital funding constraints
- Ongoing operating costs

The Challenge

Holy Spirit Catholic School Division's primary challenge involves addressing the disparities in student enrolment across the school division, leading to either inefficient or inadequate utilization of our facilities. Predicting enrolment trends for the next decade poses significant difficulties, especially in light of the unpredictable impacts of the COVID-19 pandemic. Before 2020, we were on a trajectory of substantial enrolment growth, but the downturn during 2020 and 2021 disrupted our long-term forecasts, rendering them less reliable. Despite these challenges, enrolment has rebounded with the easing of the pandemic. The 2022-2023 academic year saw enrolment return to pre-pandemic figures, with a notable 4.4% increase in 2023-2024. Looking ahead, we are cautiously optimistic, projecting an enrolment surge of over 300 students (6%) over the coming decade.

Based on current projections, the next decade will see a roughly 1% decrease in overall enrolment across our rural schools. This decline, however, is not uniformly distributed. For instance, St. Mary's School in Taber is expected to experience a 12% increase, contrasting with St. Catherine School in Picture Butte and St. Michael's School in Bow Island, which are both projected to undergo an 8% decrease. Moreover, St. Patrick School in Taber is anticipated to see a 10% reduction in enrolment over the same period.

The enrolment trends for schools in Lethbridge will vary depending on their location within the city and the presence of school-aged children in their respective neighborhoods. Specifically, schools located east of the Oldman River are projected to experience a 13% increase in enrolment. St. Teresa of Calcutta Elementary School, already operating at 111% capacity, is expected to maintain at least a 103% capacity. By 2033, St. Francis School is anticipated to reach 108% capacity.

On the other hand, schools in West Lethbridge are predicted to witness an overall enrolment growth of 4% over the next decade. The addition of a new elementary school, slated to open in September 2026, in West Lethbridge is intended to mitigate the current enrolment pressures.

The following enrolment and utilization projections do not include the addition of a new school in West Lethbridge, that is expected to open in 2026.

Board Priorities

In setting its priorities for capital construction, whether this is new construction, school preservation or school expansion, the Board considers the building conditions of existing facilities based on facility audit scores, and from ongoing inspection of the buildings for program maximization and utilization of space. Furthermore, the potential impact on the health and safety of staff and students is carefully considered.

The construction of new schools and the addition of modular classrooms are necessary to address enrolment pressures. School preservation projects involve expansions to existing schools, modernization and upgrading of existing schools, the re-sizing of existing schools, and possibly the replacement of schools.

Complete details of the Board's capital priorities are contained within the 10-year Capital Plan:

[2015 - 2025 Capital Plan](#)

Three Year Capital Plan Requests

The Board has used the following as its guide in preparing the 2025 - 2028 Capital Plan:

- A review of the Mission, Vision and Values of the school division
- Administrative Procedure 126 – Facility Planning
- A review of Facility Audit Scores
- Ongoing visits to schools
- 10 Year Capital Plan
- Enrolment and Utilization Projections
- 2023 City of Lethbridge Census Results

School	Year	Est. Cost
St. Francis Junior School, Lethbridge, value scoping	2025	\$ 100,000
St. Francis Junior High School, modernization	2026	undetermined
St. Michael School, Bow Island, value scoping	2028	\$ 100,000
Our Lady of the Assumption School, Lethbridge, value scoping	2028	\$ 100,000

It is important to recognize that the dependability of the enrolment forecast beyond five years becomes increasingly uncertain over time due to factors beyond our control. Nevertheless, with the use of dependable current statistical population information, and the application of methodical analysis of student population growth patterns in our jurisdiction over the past five years, it seems satisfying the need for student spaces over the next five years would likely also address them beyond five years, perhaps even for up to ten years, for most of our schools. Holy Spirit Catholic School Division's Capital Plan:

- Ensures adequate student spaces at the elementary and junior high levels;
- Addresses programming needs through the modernization of three existing facilities;
- Addresses student safety both within and outside of school buildings;
- Provides facility space to meet the provincial class size recommendations;
- Provides educational spaces that will meet the needs of 21st century learners; and
- Ensures that the Holy Spirit Catholic School Division's Board continues to serve its mandate to meet the needs of our Catholic communities.

Once fully implemented, our plan will provide our students with facilities that will meet projected needs for the next three years and beyond.

Modernization – St. Francis Junior High School – Lethbridge

PROJECT DRIVERS:

- HEALTH AND SAFETY
- BUILDING CONDITION
- ENROLMENT PRESSURE
- FUNCTIONALITY AND PROGRAMMING

Constructed in 1957 and subsequently updated through the 1960s, with its last significant renovation in the mid-1980s, St. Francis Junior High School in Lethbridge reflects the educational standards of the mid-20th century. Alberta Infrastructure's evaluation in November 2015 gave the school a Facility Condition Index (FCI) of 17%, indicating that while the building's components are aging and nearing the end of their lifecycle, it remains in acceptable condition for use. This assessment, now nearly a decade old, does not consider the building's suitability for modern educational programs or address pressing safety and security concerns due to its design.

Originally established as St. Francis Boys' School under the guidance of the Basilian Order of Priests, the design catered to the educational needs of active boys, without considering the requirements for co-educational settings or accommodating students with specialized learning needs. Many of the building's current deficiencies can be traced back to its initial design, highlighting how it has surpassed its original purpose as a conducive environment for adolescent education and development.

In light of these considerations and as part of a strategic planning exercise, the Board is exploring the possibility of replacing the school on its current site to better meet contemporary educational standards and safety requirements.

Safety and Security

The layout of the school poses a security challenge due to the administration office and reception desk being positioned without a direct line of sight to the front entrance. This arrangement hinders effective monitoring of the entrance, compromising the ability to ensure safety. Furthermore, the significant distance between the office and the classrooms and learning spaces limits opportunities for passive supervision, further detracting from the school's overall security and oversight.

Building Condition

The proposed modernization or replacement of the facility aims to resolve critical maintenance issues, including comprehensive upgrades to the mechanical and electrical systems. This initiative will significantly enhance the building's environmental conditions, primarily through the installation of advanced HVAC systems for improved air quality and climate control. Although a recent update to the information technology infrastructure in 2021 enhanced Wi-Fi and internet access, addressing some technological deficiencies, the physical layout of the building still restricts the full utilization of these advancements. Many of the educational spaces are outdated and require substantial updates to meet current standards if modernization is pursued.

Currently, St. Francis Junior High School stands as the oldest middle/junior high school in the area yet to undergo modernization. This status hampers the school's ability to offer a comprehensive range of learning opportunities that students need and deserve.

Enrolment Pressure

The school currently operates with a capacity to accommodate 634 students. As of September 2023, it enrolled 550 students, utilizing 87% of its capacity. Projections for the next five years suggest an expected increase in enrolment to 711 students, exceeding its capacity at 112%. By 2033, enrolment is anticipated to slightly decrease to 685 students, which still places the school at 108% of its capacity. To meet the demands of Lethbridge's expanding population, expanding the school's capacity will be an essential component of its modernization efforts.

Functionality and Programming

St. Francis Junior High School's design, characterized by compartmentalized spaces along double-loaded corridors, lacks essential areas such as a central gathering space, a learning commons, and collaboration zones, all crucial for implementing current educational best practices.

The facility's limitations impact several programs and services:

- Daily physical activity is compromised by safety concerns due to overcrowded physical education classes.
- The fitness center, located in a cramped basement below the gym, suffers from poor ventilation and noise issues.

- Fine arts programs are constrained by inadequate spaces, with no proper facilities for choral, drama, art (lacking a kiln and isolated from other arts), guitar, and band activities, including a lack of performance areas.
- Shared space for construction tech with Catholic Central High School.
- Religious Studies are hindered by a small chapel that cannot expand to accommodate larger groups.
- Outdated and insufficient science labs, with only two available for 18 classes.
- A shortage of office space for essential support services.
- The absence of break-out rooms and gender-neutral washrooms.

Facility constraints also prevent the offering of programs like a multimedia lab, robotics, and a comprehensive life skills program (due to the lack of a kitchen). The lack of flexible learning and gathering spaces limits leadership activities, community events, and fine arts performances, alongside missing amenities like meeting spaces and a sick room.

Some programs are currently hosted at Catholic Central High School, including Foods and Band, but logistical challenges and space limitations at the high school complicate these arrangements and divide junior high band activities. Additionally, increasing enrolment at the high school restricts access to shared resources, impacting co-curricular programs and practice schedules.

Modernization – **St. Michael’s School** – Bow Island

PROJECT DRIVERS:

- SAFETY AND SECURITY
- BUILDING CONDITION
- FUNCTIONALITY AND PROGRAMMING
- ENROLMENT

St. Michael’s School in Bow Island is an Early Learning to Grade 12 facility that was originally built in 1962 with a series of additions through the 1960s and 1970s. A CTS shop was added in 2000. This school was transferred to Holy Spirit Roman Catholic Separate School Division in September 2014 from Medicine Hat Catholic School Division. The school was last assessed by Alberta Infrastructure in February 2017 and was assigned a facility condition index of 19%. Facilities with an FCI that is equal to or greater than 15%, or equal to or less than 40%, indicate aging components that are nearing the end of their life cycle and require additional expenditures for renewal or refurbishing.

Safety and Security

The facility faces several safety and security challenges due to accumulated deferred maintenance. Although the most pressing concerns were mitigated when the school transitioned to The Holy Spirit Catholic School Division, significant improvements still need to be made through modernization. A primary security concern is the visibility of the front entrance from the front office, which requires urgent attention.

Building Condition

A modernization will address outstanding maintenance items, including a full mechanical/electrical system upgrade and remediation of existing building code and building envelope issues at the school.

Functionality and Programming

A modernization will allow for the construction of a Learning Commons and collaboration spaces to help improve educational programming in support of student learning.

Enrolment

The proposed modernization will entail resizing the facility to improve its currently low utilization rates, which are anticipated to persist. Currently, the school has a functional capacity for 270 students but is operating at a 22% utilization rate with an enrolment of 60 students. Projections for the next decade indicate minimal variation in these numbers, with an expected enrolment of 55 students by 2033, bringing the utilization rate to 20%.

Modernization – Our Lady of the Assumption School – Lethbridge

PROJECT DRIVERS:

- BUILDING CONDITION
- FUNCTIONALITY AND PROGRAMMING

Our Lady of the Assumption School is an Early Learning to Grade Six elementary school located in South Lethbridge. The facility was originally built in 1956 with a significant addition in 1960. A pair of modular classrooms were added in 2011. The facility's FCI index in 2015 was 7%. The school is in acceptable condition overall.

Building Condition

The school's modernization will address critical maintenance needs, featuring comprehensive upgrades to its mechanical and electrical systems. Upgrades to the HVAC system will align the school's heating and ventilation with contemporary standards, addressing the current issue where, during May, June, and September, excessive heat and insufficient airflow render many classrooms unsuitable for effective teaching and learning. This situation has, at times, compelled teachers and students to seek alternative learning areas outside or in hallways. Furthermore, enhancements to electrical systems and information technology infrastructure will not only improve lighting conditions for both students and staff but also enhance Wi-Fi and internet connectivity throughout the school.

Functionality and Programming

The current structure of the school, with its mix of double and single-loaded corridors flanked by traditional classroom spaces, is set for a transformation. The envisioned modernization aims to introduce a learning commons and a variety of collaborative learning environments, aligning the facility with the latest research-based educational practices.

Facility limitations currently affect several programs, including:

- Physical Education: The gym's size restricts activities and storage space for equipment.
- Early Learning Program and Early Childhood Services: The lack of nearby bathroom facilities.
- Religious Studies: The existing chapel space is too small.

- Support Services: There is insufficient office space for the School Counselor, First Nations Support Worker, Speech Language Pathologist, and other essential services.
- Administration: There is no designated office for the Associate Principal.
- Additional needs include a sensory room for students, the absence of bathroom facilities in modular classrooms, a lack of modern gender-neutral bathrooms, an outdated library that does not support a Learning Commons model, and very limited meeting or conference space.

The current facility's constraints also preclude offering several programs:

- There is no dedicated multi-purpose science (STEM) room.
- A shortage of breakout rooms.
- The gym's size is inadequate for hosting sporting events like basketball or volleyball.
- The absence of a proper commercial kitchen prevents the offering of food preparation programs.
- A lack of a sizable gathering space restricts drama and fine arts presentations, spiritual activities, parent meetings, and other community events.
- While there are wheelchair lifts, the overall layout falls short in accessibility for individuals with disabilities, including lack of wheelchair access to the playground exit.

SCHOOL CLOSURE

The Board may from time to time be required to close existing schools and to realign attendance areas to ensure the efficient and effective operation of the division.

Specifically

1. The process for the closure of schools is outlined in the Section 62 of the *Education Act*. Policy under review: *Policy 3: Role of the Trustee*

Date: March 27, 2024

Upon review, does this policy require amendment? Yes No

Nature of/reason for amendment?

Further information was added in regards to the Trustees role of liaison to school councils.

Other implications or considerations?

ROLE OF THE TRUSTEE

Trustees are elected in accordance with the Local Authorities Election Act.

The role of the trustee is to contribute to the Board as it carries out its mandate in order to achieve its mission, vision, values, and goals. The Board believes that its ability to fulfill its obligations is enhanced when leadership and guidance are forthcoming from within its membership.

Alberta's Catholic schools exist to offer families a distinct education that is based on the teachings and example of Jesus Christ. The trustees of this division are empowered by the community to fulfill both the educational requirements set forth by Alberta Education and the vision of the faith community.

This presents Catholic trustees with a unique, dual challenge. They must ensure that students are provided an education which meets or exceeds the goals of Alberta Education and at the same time, ensure that Catholic values and principles are reflected at all times in its policies and practices.

As leaders in the faith community, Catholic trustees require an understanding, a willingness to grow and a commitment to bearing daily witness to the faith. To meet this challenge, Catholic trustees are entrusted with certain denominational school rights, powers and privileges enshrined in the Canadian Constitution. They exercise these rights with the religious guidance of parish and diocesan authorities.

The Board is a corporation. The decisions of the Board in a properly constituted meeting are those of the corporation. A trustee who is given corporate authority to act on behalf of the Board may carry out duties individually but only as an agent of the Board. In such cases, the actions of the trustee are those of the Board, which is then responsible for them. A trustee acting individually has only the authority and status of any other citizen of the division.

1. Board Orientation

The Board believes an orientation program is necessary for effective trusteeship. As a result of elections, the Board may experience changes in membership. To ensure continuity and facilitate smooth transition from one Board to the next following an election, trustees must be adequately briefed concerning existing Board policy and practice, statutory requirements, initiatives and long-range plans.

The Board believes an orientation program is necessary for effective trusteeship. All trustees are expected to attend all aspects of the orientation program.

The division will offer an orientation program for all newly elected trustees that provides information on:

1.1 Role of the trustee and the Board;

- 1.2 Organizational structures and procedures of the division;
 - 1.3 Board policy, agendas and minutes;
 - 1.4 Existing division initiatives, annual reports, budgets, financial statements and long-range plans;
 - 1.5 Division programs and services;
 - 1.6 Board's function as an appeal body;
 - 1.7 Statutory and regulatory requirements, including responsibilities with regard to conflict of interest; and
 - 1.8 Services and Materials provided to trustees (See Policy 3 - Appendix A).
2. The division will provide financial support for trustees to attend Alberta School Boards Association (ASBA) and Alberta Catholic School Trustees' Association (ACSTA) sponsored orientation seminars.
 3. The Board Chair and Superintendent are responsible for developing and implementing the division's orientation program for newly elected trustees. The Superintendent shall provide each trustee with access to the Board Policy Handbook and the Administrative Procedures Manual at the organizational meeting following a general election or at the first regular meeting of the Board following a by-election.
 4. Incumbent trustees are encouraged to help newly elected trustees become informed about the history, functions, policies, procedures and issues.
 5. The trustee shall, at the time of assuming office, take and subscribe to the official oath and deposit it with the Secretary-Treasurer.

Specific Responsibilities of Individual Trustees

The trustee shall:

1. Model the values and requirements of a practicing Catholic and participate in parish and church activities through a personal lifestyle that reflects the teachings of the Church.
2. Know and understand Board policies and the legislation reference in the policy (Section 34 and 51 of the Education Act), and become familiar with Administrative Procedures, meeting agendas, and reports in order to participate in Board business. The trustee will become familiar with Division policies, meeting agendas and reports in order to participate in Board business.
3. Refer governance queries, issues and problems not covered by Board policy to the Board for corporate discussion and decision.
4. Refer administrative matters to the Superintendent. The trustee, upon receiving a complaint from a parent, community member or School Council representative about school operations, will refer the parent, community member or School Council representative to the appropriate contact as expressed in Policy 3, Appendix B: Communications Protocol for Holy Spirit Catholic School Division, and will inform the Superintendent of this action.
5. Keep the Board and the Superintendent informed in a timely manner of all matters coming to his/her attention that might affect the division.

6. Provide the Superintendent with counsel and advice, through the Board Chair, given the benefit of the trustee's judgment, experience and familiarity with the community.
7. Attend meetings of the Board, unless unable to do so because of illness or other unavoidable causes; participate in, and contribute to, the decisions of the Board in order to provide the best solutions possible for the education of children within the division.
8. Ensure that Catholic values and principles are reflected at all times in the Board's policies and practices.
9. Support the decisions of the Board and refrain from making any statements that may give the impression that such a statement reflects the corporate opinion of the Board when it does not.
10. When delegated responsibility, exercise such authority within the defined limits in a responsible and effective way. When further action following delegation to committee work is required, it will be undertaken according to the consensus of the corporate Board.
11. The Trustee will, in alignment with the Board engagement efforts, provide for the engagement of parents, students and the community in matters related to education.
 - 11.1 Respectfully bring forward and advocate for local issues and concerns prior to a Board decision;
 - 11.2 Interpret the needs of the community to the Board and the Board's action to those we serve; and

COMMUNICATIONS PROTOCOL FOR HOLY SPIRIT CATHOLIC SCHOOL DIVISION

The Board recognizes that communication becomes most effective when roles and responsibilities are associated to the access and dissemination of information. When channels of communication are known to our stakeholders, shared information will ultimately assist in improving the quality of programs, and in meeting individual student needs more effectively. The Board also recognizes that from time to time concerns regarding the operation of the School Division will arise. The Board places trust in its employees and desires to support their actions in a manner which frees them from unnecessary and unwarranted criticism and complaints. For these reasons, the following stakeholders will be afforded appropriate responsibilities in providing and requesting information.

Students. Parents. Guardians. Members of the Public

In supporting the effectiveness of those responsible for achieving the Board's educational mandate, the Board believes that decisions are best made and resolved by those employees most closely associated with a decision or issue. For this reason, the following communication process will be afforded:

1. Students, parents, and community members will seek to address complaints, concerns, or resolutions with a staff member associated with the matter under consideration.
2. If a student, parent, and community member is unable to resolve an issue with the appropriated staff member, the principal will be the next source of contact.
3. Matters not resolved at the school level will be addressed by the superintendent, or designate.
4. Students, parents, and community members will be communicated the right to ultimately appeal decisions to the appropriate level of decision making.
5. Confidentiality is to be respected in all situations.
6. Anonymous complaints shall not normally be entertained. Exceptions to this expectation will include circumstances where the safety and well-being of stakeholders needs to be upheld.
7. Procedural fairness / Natural justice will be applied to all complaints.

Principal

1. All matters affecting the school community that are controversial, address the safety of students or employees, are relevant to the interpretation of existing administration procedures, or require additional administrative interpretation, will be directed to the Superintendent.

Superintendent

1. Information and action items relevant to the ongoing progress and the well-being of the school division will be addressed at regular board meetings.
2. Extraordinary, emergent, or time sensitive issues that affect the School Division will be addressed through the Board Chair.
3. When administration is required in the absence of policy, the Board Chair will receive first notification.
4. The Superintendent will serve as spokesperson for the Board regarding the administration of all educational related matters.

Board Chair

1. The Board Chair, and/or Vice Chair, will work with the Superintendent to establish Board Meeting Agendas.
2. The Board Chair will serve as the spokesperson for the corporate affairs and responsibilities of the Board as described through Board Policy.
3. The Board Chair will request information relevant to the ongoing operation of the Board from the Superintendent.
4. The Board Chair will defer all relevant information regarding the ongoing operation of the Board to the Superintendent.

Trustees

1. Trustees will recognize that decisions regarding the ongoing operation of the Board will be made by the corporate body at regular or special board meetings.
2. Trustees will defer relevant concerns regarding the operation of the school division to the Board Chair or the Superintendent of Schools.
3. Trustee requests for information will be brought forward to the Board Chair and placed on the agenda of a regular, special or committee of the whole meeting.
4. Trustees will recognize that all Board Members require equal access to information so that the decision of the Corporate Board can be best exercised. Therefore, individual requests for information that impact further decisions of the board will be made available to all trustees.

ROLE OF THE TRUSTEE

Trustees are elected in accordance with the Local Authorities Election Act.

The role of the trustee is to contribute to the Board as it carries out its mandate in order to achieve its mission, vision, values, and goals. The Board believes that its ability to fulfill its obligations is enhanced when leadership and guidance are forthcoming from within its membership.

Alberta's Catholic schools exist to offer families a distinct education that is based on the teachings and example of Jesus Christ. The trustees of this division are empowered by the community to fulfill both the educational requirements set forth by Alberta Education and the vision of the faith community.

This presents Catholic trustees with a unique, dual challenge. They must ensure that students are provided an education which meets or exceeds the goals of Alberta Education and at the same time, ensure that Catholic values and principles are reflected at all times in its policies and practices.

As leaders in the faith community, Catholic trustees require an understanding, a willingness to grow and a commitment to bearing daily witness to the faith. To meet this challenge, Catholic trustees are entrusted with certain denominational school rights, powers and privileges enshrined in the Canadian Constitution. They exercise these rights with the religious guidance of parish and diocesan authorities.

The Board is a corporation. The decisions of the Board in a properly constituted meeting are those of the corporation. A trustee who is given corporate authority to act on behalf of the Board may carry out duties individually but only as an agent of the Board. In such cases, the actions of the trustee are those of the Board, which is then responsible for them. A trustee acting individually has only the authority and status of any other citizen of the division.

1. Board Orientation

The Board believes an orientation program is necessary for effective trusteeship. As a result of elections, the Board may experience changes in membership. To ensure continuity and facilitate smooth transition from one Board to the next following an election, trustees must be adequately briefed concerning existing Board policy and practice, statutory requirements, initiatives and long-range plans.

The Board believes an orientation program is necessary for effective trusteeship. All trustees are expected to attend all aspects of the orientation program.

The division will offer an orientation program for all newly elected trustees that provides information on:

1.1 Role of the trustee and the Board;

- 1.2 Organizational structures and procedures of the division;
 - 1.3 Board policy, agendas and minutes;
 - 1.4 Existing division initiatives, annual reports, budgets, financial statements and long-range plans;
 - 1.5 Division programs and services;
 - 1.6 Board's function as an appeal body;
 - 1.7 Statutory and regulatory requirements, including responsibilities with regard to conflict of interest; and
 - 1.8 Services and Materials provided to trustees (See Policy 3 - Appendix A).
2. The division will provide financial support for trustees to attend Alberta School Boards Association (ASBA) and Alberta Catholic School Trustees' Association (ACSTA) sponsored orientation seminars.
 3. The Board Chair and Superintendent are responsible for developing and implementing the division's orientation program for newly elected trustees. The Superintendent shall provide each trustee with access to the Board Policy Handbook and the Administrative Procedures Manual at the organizational meeting following a general election or at the first regular meeting of the Board following a by-election.
 4. Incumbent trustees are encouraged to help newly elected trustees become informed about the history, functions, policies, procedures and issues.
 5. The trustee shall, at the time of assuming office, take and subscribe to the official oath and deposit it with the Secretary-Treasurer.

Specific Responsibilities of Individual Trustees

The trustee shall:

1. Model the values and requirements of a practicing Catholic and participate in parish and church activities through a personal lifestyle that reflects the teachings of the Church.
2. Know and understand Board policies and the legislation reference in the policy (Section 34 and 51 of the Education Act), and become familiar with Administrative Procedures, meeting agendas, and reports in order to participate in Board business. The trustee will become familiar with Division policies, meeting agendas and reports in order to participate in Board business.
3. Refer governance queries, issues and problems not covered by Board policy to the Board for corporate discussion and decision.
4. Refer administrative matters to the Superintendent. The trustee, upon receiving a complaint from a parent, community member or School Council representative about school operations, will refer the parent, community member or School Council representative to the appropriate contact as expressed in Policy 3, Appendix B: Communications Protocol for Holy Spirit Catholic School Division, and will inform the Superintendent of this action.
5. Keep the Board and the Superintendent informed in a timely manner of all matters coming to his/her attention that might affect the division.

6. Provide the Superintendent with counsel and advice, through the Board Chair, given the benefit of the trustee's judgment, experience and familiarity with the community.
7. Attend meetings of the Board, unless unable to do so because of illness or other unavoidable causes; participate in, and contribute to, the decisions of the Board in order to provide the best solutions possible for the education of children within the division.
8. Ensure that Catholic values and principles are reflected at all times in the Board's policies and practices.
9. Support the decisions of the Board and refrain from making any statements that may give the impression that such a statement reflects the corporate opinion of the Board when it does not.
10. When delegated responsibility, exercise such authority within the defined limits in a responsible and effective way. When further action following delegation to committee work is required, it will be undertaken according to the consensus of the corporate Board.
11. The Trustee will, in alignment with the Board engagement efforts, provide for the engagement of parents, students and the community in matters related to education.
 - 11.1 Respectfully bring forward and advocate for local issues and concerns prior to a Board decision;
 - 11.2 Interpret the needs of the community to the Board and the Board's action to those we serve; and
 - 11.3 Liaise with designated School Council(s). As Trustees are not members of School Council the following will pertain to Trustees in the role of Liaison:
 - When invited by School Council Chair, make a presentation to School Council on matters pertaining to the Board;
 - When matters arise that the School Council would like the Board of Trustees to become aware of; the School Council Chair will invite the Trustee Liaison to a School Council meeting to share such matters and in turn the Trustee will report the matters to the Board;
 - When matters arise that warrant conversation with the parent community the Trustee Liaison will seek from the School Council Chair an invitation to speak at a School Council meeting;
 - When attending School Council meeting the Trustee Liaison is not to engage in conversations pertaining to school personnel, school operations, or other matters that are best addressed by school/division administration;
12. Participate in Board/trustee development sessions so that the quality of leadership and service in the division can be enhanced.
13. Share the materials and ideas gained from a trustee development activity with fellow trustees at the next available opportunity.
14. Stay current with respect to provincial, national, and international educational issues and trends.
15. Strive to develop a positive learning and working culture both within the Board and the division.
16. Attend significant division or school functions when possible.

17. Understand and adhere to the Trustee Code of Conduct.
18. Report any violation of the Trustee Code of Conduct to the Board during a closed session.
19. Upon assuming office, pledge to, and sign, the Trustee Code of Conduct.

Holy Spirit Catholic School Division

...where children are cherished and achieve their potential

**Director of Learning
Board Report - February 2024**

Board Strategic Priority: Learning Through Quality Teaching

All students demonstrate growth in literacy & numeracy.

- 21 Elementary teachers (representing 7 schools) attended the first two sessions focused on 'Layers of Writing in the K-3 Classroom' with Dr. Miriam Ramzy & Michelle Bence. The remaining two sessions in the series are scheduled for April 8 & May 9.
- 17 Junior High teachers (representing 6 schools) attended the first two sessions focused on 'Layers of Reading in the Junior High Classroom'. The remaining two sessions in the series are scheduled for April 9 & May 9.

Schools reflect collaborative teaching and learning environments.

- Our Division Collaboration Day on March 11th was a great success thanks to our teachers' participation and engagement.
 - Approx. 160 teachers learned about the importance of teaching and assessing for math understanding with Dr. Marian Small
 - Approximately 100 staff members learned about Weaving Indigenous Ways and the Catholic Faith with Fr. Cristino Bouvette
 - 220 teachers engaged in self-directed Open Collaboration (popular learning topics included: assessment strategies and redesign, curriculum implementation, Artificial Intelligence in education, literacy & numeracy, student leadership, PE program development, Indigenous permeation, etc.)
 - There were many more opportunities for teachers to learn and collaborate, including a Design Thinking workshop at the University of Lethbridge, as well as a high school literacy-focused session.
- The Division Curriculum Committee met on Monday, March 18, to continue our focus on assessment. The committee is working to develop Success Criteria as a Readiness Scale in each of our three theme areas (Teacher Clarity, Student Voice & Choice, and Quality Assessment Design) to support ongoing learning and growth in assessment for colleagues across the Division. The Committee will resume this work at our next meeting, on Monday, May 13.

We prepare students for career pathways.

- On Friday, March 7, various provincial MLAs, school board trustees, and school division staff attended the Southern Alberta Collegiate Institute (SACI) showcase. Information was shared with attendees about the progress in establishing SACI and the opportunities this provides to students in six partnering school divisions, including Holy Spirit. The showcase ended with a tour of many of the instructional spaces and the LC Barn, which is being remodeled to house SACI upon completion of construction.
- Over the next several months, Holy Spirit will be receiving nine STEM kits created by the Youth Initiatives STEM team at Lethbridge College. These kits are curated collections of tools, equipment, and other materials to support STEM learning in the classroom, connected to K-12 curriculum. These kits will be catalogued through Holy Spirit's PD Centre Library and available for classroom teachers to borrow to support hands-on learning. To learn more about the STEM program through Lethbridge College, please visit their [website](#).

BACKGROUND

1. Aaron Skretting, Director of Religious Education, has prepared the attached report to apprise the Board of recent division activity related to Religious Education.

**Director of Religious Education
Report to the Board of Trustees
March 2024**

Board Strategic Priority - Strengthening Our Catholic Faith

We foster a Catholic worldview of reflection, service and sacramentality.

- **Build! Festival** - We have booked the evenings of May 1-2, 2024 at the new Lethbridge and District Exhibition, and have sufficient live performances for each evening's 6:00-8:15 schedule as of now. This festival will feature rotating, 'come-and-go' style live performances alongside a creativity installation. Promotional materials will be finalized and distributed shortly.
- **Chalice Project** - A number of our schools have planned Lenten fundraising efforts or other forms of solidarity with our ongoing Chalice project with St. Odilia School. If you would like more information, please let me know.

Our staff and students demonstrate knowledge of faith and commit to faith development.

- **Father Cristino Bouvette** - We were fortunate to be joined by Father Cristino Bouvette for a number of well-received sessions in mid-March. He presented sessions to teachers and support staff on the March 11 collaborative day (Reconciliation is Possible) as well as to the Council of School Council Chairs on the evening of March 11 and to the Learning Leadership Team on March 12, both of which focused on Becoming New Treaty People. Based on all initial feedback, I am anticipating welcoming him back for more future sessions with us.
- **Catholic Leadership** - Our fifth session of Catholic Leadership was offered in mid-March. We were grateful for our guest presenters, Deputy Superintendent Anthea Boras and Principal Kiera Bouchard and Associate Principal Josh Van Uden, who spoke to our evening themes of Spirituality of Communion (Mark 5) and the LQS area of Fostering Effective Relationships. Our next (and final) session is on May 15, 2024.

We create Communities of Accompaniment in our schools and school division.

- **Fr. Tim Boyle** - We were blessed this month to be able to offer our Lenten LLT Retreat at the Martha Retreat Centre. Fr. Tim Boyle presented to our administrators on accompaniment, employing the theme of 'Enlarge the Tent.' His commentary around 'seekers' and 'dwellers', amongst other reflections, resonated with our administrators.
- **GrACE Updates** - Our local GrACE committee has created two upcoming items. The first will be An Evening with GrACE engagement session to be hosted at St. Basil Catholic Education Centre on the evening of April 18th, 2024. Posters and media have been created and distributed to schools and parishes; if you would like to access these, please let one of the committee members know. The second is our Courage to Lead poster, which features selected reflections from our administrators as a 'teaser' for Catholic Education Week, which is upcoming in early May. These will be distributed to parishes, schools, and community partners in mid-April.

Director of Support Services
Report to the Board of Trustees
March 2024

Board Strategic Priority: Belonging in our Diverse Community

We will assist students in navigating various pathways of support

Mental Health in School Pilot Project Parent/ Student Learning Sessions: The Divisional Indigenous Student Wellness Access Guide (ISWAG) Team has organized numerous Parent Night Learning sessions throughout the 2023/24 school year, covering various topics. The fifth installment of these engaging parent presentations, held on March 20th, 2024, focused on ADHD: Understanding the Diagnosis and Treatment Strategies. It featured Aleigha Arksey, a Registered Psychologist from True Balance Counselling.

We provide programming and support for student and staff well-being.

Division Collaborative Day: As part of our second District Collaboration Day of the 2023-24 school year, the Support Services team provided professional learning opportunities for Support Staff that were connected to our divisional priority areas. With collaboration in mind, there were several flexible learning opportunities provided ranging from self-directed professional development, pre-recorded skill development sessions to targeted large group in-person learning opportunities. The ease of accessing the various opportunities that were shared with support staff provided an avenue for personalized learning.

Low Incidence Support Services (LISS) Grant - As a result of the Low Incidence Support Services (LISS) grant, we have been able to:

- Identify and purchase several costly pieces of equipment through the South West Collaborative Services for our students. The specialized equipment supports our BVI students as well as our d/DHH students. The equipment and resources that have been purchased will provide greater access to learning, reduce barriers to learning and support Individual Program Plans and specialists' recommendations to support student learning.
- Coordinate with Zone 6 partners and South West Collaborative Support Services to deliver an expanded Core Curriculum through Outings in various community facilities.

We celebrate and respect all cultures and ethnicities in our schools.

Aisoksistawataiya Powwow: The Holy Spirit School Division, represented by our ISWAG team, was invited to attend the Aisoksistawataiya Powwow on March 23, 2024, at the exhibition center. The team participated in the Powwow by sharing a community booth showcasing their work, with a focus on connecting students and families to various approaches to mental health and wellness. They highlighted the wonderful ways in which Indigenous ways of knowing, being, and doing have been incorporated into our continuum of support for students.

March 2024

Board Strategic Priority: Living Truth and Reconciliation

Our First Nations, Métis and Inuit students will continue to see increasing success rates.

- **Jordan's Principle** - We have completed our application for the 2024-2025 school year, and will be submitting that along with our quarterly reporting during our meeting on March 28, 2024.
- **Collaborative Response Visits** - Our most recent round of Collaborative Response visits encompassed this priority area. We were able to hear from all of our schools as to the many individual and collective success stories that they have in their student data, both quantitatively and qualitatively.

We foster reconciliation through listening, accompaniment and recognition of the ongoing impacts of the past.

- **Wisdom and Visioning Circle Meeting** - We are pleased that we have been able to coordinate a Wisdom and Visioning Circle meeting with a number of our Elders for the afternoon of April 18, 2024. We will be taking a number of items forward for their consideration, reflection, and guidance. We are going to be joined that afternoon by Peter Strikes With A Gun, Jeannie Provost, Mary Ruth McDougall, Dorothy Day Chief, and Tom Little Bear.
- **Upcoming Book Study** - We have launched our second book study on Braiding Sweetgrass by Robin Wall Kimmerer. Information has been disseminated to schools so that we can make the necessary arrangements with our interested participants. Please contact Shelley Kirkvold for further information.

We will deepen our understanding of our collective responsibilities as Treaty People.

- **Learn, Build & Go** - Many thanks to Shelley Kirkvold, our guest presenters and the entirety of our First Nations, Métis and Inuit team for their Learn, Build & Go sessions. We are happy to announce that we will be able to run one more Learn, Build & Go session this spring, focusing on land-based learning. This session will be offered on June 4, 2024, and will include a bus trip to Kainai, along with Indigenous games and place-based sessions with our Elders. If you are interested in attending, please let us know.
- **Divisional Family Gathering - May 30, 2024** - Planning is underway for our yearly Divisional Family Gathering to occur on May 30, 2024 at Father Leonard Van Tighem school. Our initial planning is to offer a barbecue, along with Indigenous games, Elder and tipi teachings, and place-based learning starting at 5:00. Please note the change of date for this event, which was initially tentatively scheduled for June 5, 2024.
- **CASS First Nations, Métis and Inuit Gathering - April 24-26, 2024** - We are excited to be able to offer a session at next month's CASS Gathering, which will be presented by Shelley Kirkvold, Ken Fox, and Annette BruisedHead, focusing on our partnership with Changing Horses in seeking to contribute to the revitalization of Blackfoot. We have also nominated Annette as our Elder for the Gathering, and will sponsor her attendance if she is not selected for sponsorship by CASS.
